Stock market opened very active and prices were higher all around. War stocks were the feature of trading. Pressed Steel Car was advanced to 11 1/2 during the morning, compared with 11 1/4 yesterday's close. There was some reaction but heavy buying orders cleared the shorts in Steel and raising the price to 11 1/2. After early hesitation market became aggressively strong. War stocks became strong, and on active business the preferred advanced to 4 1/2 up 1/4, and the common to 15 1/4. A sharp report in Consolidated this advanced the stock to 31 1/2 up 1/4, on news of extra dividend declared today. There was no disposition of strength in early afternoon. Steel was a strong feature, and strength in M. K. & T. Issues, both of which rallied 2 to 3 points, strengthened expectation of success of new extension plan.
